

This guide outlines the steps to follow to makes changes to the number of hours a colleague works each week, or the number of weeks they will work each year.

01

As a line manager you can make changes to the working hours for your team members – for example reducing hours worked from full time to part time.

You are also able to change the number of weeks worked per year – for example changing from a 52-week year, to working in term time only.

This quick reference guide provides guidance on how to adjust both working hours and working weeks.

To make change to a team member's contracted working hours or weeks, firstly navigate to the **My Team** tab on the homepage. Next, select the **My Team** application.

The My Team Overview page is displayed, and a list of your team members is visible.

Select the three-dot icon to the right of the relevant team member's name.

Choose **Change Assignment** from the pop-up options list.

In the Why are you changing the assignment? field select either Working Hour Change or Working Week Change from the drop-down options list.

If you are changing both the working hours and working weeks at the same time, then selecting either of these options will enable you to change both.

Any of these fields may be selected and edited.

- The Full Time or Part Time field has been changed to Part Time.
- The employee's weekly **Working Hours** has been reduced from 37 to 15.
- The **Annual Working Duration** field has been changed from 52 weeks to 47.4 weeks to reflect term-time working.
- 1.2 has been added to the **Additional Work Week** field. This indicates that the employee will work an addition week and a day over and above the 47.4 weeks term time working.

Once all edits have been made, select the **Submit** button.

The request will be forwarded to HR for approval.
