

The Owner/Occupier

My Ref: SW/Tollhouse Way Phase 4
Please ask for: Steve Wall
Telephone No: Please email
Date: 18th December 2023

Dear Sir / Madam

Tollhouse Way Cycleway Scheme, Phase 4, Smethwick.

Construction work on the above scheme is due to begin on Tuesday 2nd January 2024 and will be carried out by Fitzgerald Contractors Limited. The site manager for Fitzgerald is Paul Corry, who can be contacted on 0121 326 0402 if there are any issues during the works.

These works are expected to take approximately 24 weeks and will include the installation of a new cycleway within the grass verges, new drainage works, new footway and carriageway surfacing, new lining and signing, removal and replenishment of trees and an upgrade to the existing traffic signals at the junction with Tollhouse Way, Soho Way and Crockett's Lane which will include a new staggered pedestrian crossing.

Temporary traffic signals and lane closures along Tollhouse Way, Soho Way including the junction with Crocketts Lane will be in operation during the works.

There will be a temporary road closure in Baldwin Street during these works between the 25th March and the 24th April 2024, but there will be a well signed diversion route in place.

We will endeavour to complete the works with the minimum of disruption that economy of operations and safety will allow and I hope you will appreciate that unfortunately some inconvenience is unavoidable and your co-operation and patience would be much appreciated.

If you do have any questions about the contents of this letter or experience any problems during the works, please do not hesitate to email me on steven_wall@sandwell or the Site Manager Paul Corry on 0121 326 0402 when the work has commenced.

Yours faithfully,

S.J.Wall

Steve Wall
